PAIR QUARTER-MILE APART ELECTROCUTED

BLOOMINGTON, Ind., July 15.—(AP)—A quarry worker and a housewife, a quarter-mile apart, were electrocuted yesterday when a heavy voltage cable fell across a telephone line and charged it. The quarryman, Earl Quillen, 48, was killed at the quarry, where the cable fell. A quarter-mile away an extension of the telephone line had fallen and was showering sparks. Mrs. Edna Conder, 44, tried to cut it with a pair of scissors and was killed.

Forest Fire Menace Increases As Heat Sets 4-Year Record

2 Blazes Merge In North District

Record searing temperatures continued to bake Edmonton and northern Alberta today while clear skies offered little hope to weary men battling flames in 16 different forest outbreaks.

In the Sturgeon Lake area, 100 miles northwest of Edmonton, two blazes have merged, covering an eight to ten square mile area with blistering flames.

Two new fires were reported overnight, one in Breton area southwest of Buck Lake and west of Ponoka, and another, a smaller ground fire, in the Whitecourt district.

But north of Sturgeon Lake about 100 miles northwest of Edmonton, fire fighters are barely holding their own.

Two big fires have merged into one, covering an area of eight or 10 square miles.

Fire fighters are menaced by a nearby third blaze, which threatens to join the other two any time.

"We don't know how long we can keep it up," chief timber inspector J. L. Jansen told The Bulletin today.

He said that fire fighters have managed to keep flames from stands of merchantable timber, but have been unable to get the blazes under control.

Winds and tinder dry, "explosive" bush conditions have fanned flames into roaring infernos.

In the past six days, number of fire fighters in Northern Alberta has been increased from about 60 men to well over 250, in attempts to battle the raging blazes.

Total number of fires in the northern and central parts of the province now stands at 16, the two merging forest fires now being counted as one fire.

Edmonton sweltered through its hottest day in four years yesterday as temperatures soared to 91 above.

High temperatures were recorded throughout the prairies and B.C. with one point in Oregon registering 104 above.

Edmonton was hottest center in Alberta weather district, exceeding even Medicine Hat which is usually counted as for highest temperatures. Medicine Hat recorded 88, Vermilion 89, Fort McMurray 89, Grande Prairie 85, Kamloops 88, Penticton 86.

Another hot day is forecast for today throughout the prairie region, with variable cloudiness and scattered thundershowers.

Edmonton received most rainfall in the district last night, recording 94 inches as a result of 2 different showers.

South Side Thoroughfare Provides Scenic Drive

Important and scenic artery in Edmonton's cross-town traffic is wide, well-paved Watterdale Hill road. South side residents are making more and more use of

road in going to and from their jobs across North Saskatchewan river. South, wide pavement leads up to 109 street near Garneau theatre. Besides providing scenic

drive on city tours, hill has cut traffic congestion on High Level Bridge route and provides good entrance to South Side park.

DeLong Finds 4,000-Mile Aussie Laundry Service

By Jack DeLong
Bulletin Staff Reporter

LAUNDRY IN TURMOIL AS MONK ENTERS

SAN DIEGO, Calif., July 15.—(AP)—A runaway monkey invaded a self-help laundry here.

Seventeen women customers scattered with shrieks.

The monkey jumped into the open door of one of the electric washers, which automatically started to work on him.

While that the monkey was rescued without damage by his owner.

Dynamite Loaded Freight Derailed

OWEN SOUND, Ont., July 15.—(CP)—Four cars of a Canadian Pacific freight train, including one loaded with dynamite, were derailed in this Grey County city tonight.

Two trainmen suffered minor injuries. Police said cause of the accident has not yet been determined.

THIS THIEF MUST BE BIG HELP TO WIFE

LANCASTER, Pa., July 15.—(AP)—Police today are looking for a thief who must be a good housekeeper.

Chester W. Lutz, Coconino, Pa., reported that the thief ransacked his home, fried a couple of eggs, helped himself to pie, watermelon and a bottle of beer.

Then he washed and scoured the frying pan, cleaned the dishes and tidied the kitchen.

He walked away with \$310 which he found in the house.

SYDNEY, Australia, July 15.—Gleaming silver Canadian Pacific airliner Empress of Sydney roared triumphantly into Sydney airport Thursday afternoon to complete the aerial pre-inaugural flight of more than 5,000 miles from Vancouver where the Empress took off last Monday morning.

Flying Farmers Hit Stampede

CALGARY, July 15.—(CP)—A group of 54 "flying farmers" from Idaho roared over Calgary today for a two-day visit to the Calgary Stampede.

Flying in 19 aircraft led by Chief Moulton of Boise, Idaho, the group made a leisurely trip here, leaving Boise July 11 and making several stops en route. Their total flying time since leaving Boise was only three hours and 45 minutes.

Paris Celebrates

PARIS, July 15.—(AP)—Paris was on holiday yesterday, celebrating the 16th anniversary of the fall of the Bastille.

Canada Expects U.S. Immigrants

OTTAWA, July 15.—(CP)—Canada probably will turn more and more to the United States as a source of immigrants during the next few years because of barriers raised against emigration from many countries of Europe, a resources department official said today.

The government has not yet taken any steps for an "exceptional" program aimed at encouraging United States citizens to come to this sparsely populated country, but the immigration department is examining all possible sources of new citizens.

An indication that the field is narrowing is seen in the fact that immigrants from abroad this year will number 100,000, compared with 125,000 in 1948.

LET ADS TAKE YOU TO EXHIBITION

With the Edmonton Exhibition only two days away, everyone will be in need of a little extra spending money.

Why not be like one Bulletin Want Ad user? He placed a small four-day ad to advertise a bicycle for sale. After the first day of publication he called the Bulletin to cancel his ad. He had sold his bike.

The Bulletin Want Ads will sell anything for you if given the opportunity.

Call 42111, for quick efficient results.

General Honored

OTTAWA, July 15.—(CP)—Major Gen. H. E. G. Lefson, 55, C.B. CBE, M.C. ED, secretary to the governor general, has been appointed honorary lieutenant-colonel of the British Columbia Regiment, defence headquarters announced today.

SIX OTHERS DIE

Hex Works Six Times Before Murderer Hung

WALLA WALLA, Wash., July 15.—(UP)—Jake Bird, 47-year-old negro killer who once put the hex of death on everybody connected with his conviction, went to his death on the gallows of Washington state prison today with "no hatred in my heart."

Bird was hanged at 4:06 a.m., EDT, for the second murder of Mrs. Bertha Kludt of Tacoma, Wash.

Bird was sentenced to die almost two years ago for the murder of Mrs. Kludt during a robbery. He also killed her daughter

but was never tried for that slaying.

At the time of his conviction Bird put a hex on all connected with his trial.

"A lot of you people will be settling and waiting at the party gates when I roll up," he said.

Since that time, six persons, including the judge who sentenced him, have died unexpectedly. All were in apparent good health up until their death.

Bird had won last-minute reprieves three times and held out hope for a fourth right up until

the last few hours before his execution.

One of his devious manoeuvres to delay or escape death was an admission that he committed or participated in 29 other murders.

Officials found evidence tending to prove that he really had been connected with at least 11 of the crimes in various parts of the nation.

Bird went to his death calmly and unemotionally, without any of the bravado that swayed him through the two years he stayed off the hangman's noose.

Super-Mystery Atom Parley Held in U.S.

By Oliver W. De Wolf

WASHINGTON, July 15.—(AP)—A White House shield of secrecy today threw a tight cover over a super-mysterious conference which brought President Truman together with top military, atomic, diplomatic and congressional leaders.

For two hours and 33 minutes these men were together behind closed doors last night in historic Blair House, the president's temporary home.

There was no announcement whatever of what went on. However, the identity of the participants pointed strongly toward some development in the atomic weapons field on an international level.

CANADIAN ANGLE

The New York Herald Tribune says in a Washington dispatch that the meeting concerned "the advisability of continuing to exchange classified atomic energy data with Britain and Canada."

Exchange of information is the lifeline of international democratic atomic development.

The 16 men who conferred with Truman were singularly eloquently as they left. What little they did reply to reporters' questions could be summed up:

"If anything is going to be said, the president will say it."

Truman wasn't talking. There was no sign that he would later.

In Ottawa a high government official said Canada has received no indication that the United States is preparing to cut off her exchange of atomic information with Britain and Canada.

Exchange of information is the lifeline of international democratic atomic development.

20 UN Members Being Probed

WASHINGTON, July 15.—(AP)—Attorney-General Tom Clark said today some 20 or more persons attached to the United Nations headquarters in New York are being investigated by the justice department.

Clark, testifying before a senate judiciary subcommittee, mentioned no precise figure on United Nations employees. But he said the department "has espionage and intelligence investigations pending concerning approximately 600 aliens."

It is the annual period throughout the vast forest areas of Washington, Oregon and B.C. when the timber lands are under control. Most are under control for harvest and service workers and logging employees there can be no rest while the timber stands surrounding them are potential disaster spots awaiting merely a chance spark or lightning strike.

Steel Strike Is Averted For 60 Days

PITTSBURGH, July 15.—(UP)—The CIO-United Steel Workers today called off its strike in the nation's basic steel mills.

President Philip Murray said he had instructed all local officers to continue work at the property of all companies which have accepted President Truman's 60-day truce proposals.

The United Steel Workers Union (CIO), which previously had accepted the President's proposal, cancelled its strike order.

WAVE OF RELIEF

The postponement caused a wave of relief to spread through the steel industry's workers. Steel companies which had begun to curtail operations started to restart furnaces and call the men back to work.

Murray said that acceptances are arriving in Washington at a rapid rate and that he believed all companies would participate in the Presidential plan.

He said he did not know of a single company that had refused. All major producers fell into line this afternoon.

Pacific Fire Hazard Grave

VANCOUVER, July 15.—(CP)—A second dangerous forest fire is raging in the Lake Cowichan area on Vancouver Island as British Columbia's forest fire hazard continued high today.

The fire, which broke out yesterday on logging operations property, was brought under control during the night but mushroomed again "like an atomic bomb" today.

The logging company's entire 150-man Cowichan crew is battling the blaze, which covers 100 acres and already has destroyed 1,000,000 feet of timber.

HOPE FOR BREAK

Good, must air moving inland off the Pacific coast, meanwhile gave forestry officials hope that the current hot spell, dangerous to the fire situation, will break.

Blazes throughout the rainless areas are under control. Most are under control for harvest and service workers and logging employees there can be no rest while the timber stands surrounding them are potential disaster spots awaiting merely a chance spark or lightning strike.

War Heroes Will Gain New Honor

Jasper Park Mountains Will Be Named After Fallen

Seven Alberta war heroes will have Jasper National Park mountains named in their honor.

All but one of the servicemen were killed during World War II.

Alberta mountains have never before been named for servicemen who distinguished themselves during the war, although other provincial landmarks have.

Recent recommendation of the Alberta Geographical Board that Jasper Park mountains commemorate war heroes has been approved by Dominion authorities.

Announcement was made today by Mrs. Edith Costick, provincial librarian.

IN CREEK AREA
The mountains are all situated in the Moberly Creek area, about 30 miles from Miette, in Jasper National Park.

Five of the war heroes were native Albertans. Two were born in Ireland, and are both Victoria Cross winners.

Only living serviceman from whom mountains will be named is Brigadier P. M. W. Harvey, VC, winner of World War I, now living in retirement in Calgary.

The others are: Lieut. Edmund de Wind, VC, a bank clerk in Edmonton before he was killed with the Royal Irish Rifles;

Sgt. Ldr. Ian R. Rysalpette, VC, DFC, of Calgary, killed with the RAF; P.O. Stanley Powell Swenson, Brooks, killed in England;

Cmdr. A. Laut, MID, Crossfield, killed in a flying accident at Sydney, N.S., in 1945; Corporal George Campion, MM, of Edmonton, killed in Italy; Sgt. Ldr. Sgd. Ldr. J. Gaudet, DFC, of Lethbridge, killed with the RAF in a raid over St. Lo.

TRACKED DOWN
2 Rustlers End Up In Hoosegow

REGINA, July 15.—(CP)—Sequel to a 100-mile race through southern Saskatchewan, two would-be horse rustlers will spend the next few months in the hoosegow.

Brenton Ferrier, 17, of Toronto, today was sentenced to two concurrent three-month terms and fined \$100. The pair were riding equipment from the Regina Riding Club last Saturday.

Their accomplice, a 19-year-old Mossbank, Sask., 100 miles southwest of Regina, after club manager W. P. Avery tracked them down in his automobile.

HYPNOTIC EYES

They Tagged Louis Correctly at Least

NEW YORK, July 15.—(CP)—The "ten men with the most hypnotic eyes in America" were

named by models of the Barbi-School for Models, in a poll held recently.

Here is a list of the magnetized eyes:

1. John L. Lewis — "even his eyebrows are hypnotic";

2. Eddie Rickenbacker — "has the look of eagles";

3. Basil Rathbone — "eyes that are piercing and persuasive";

4. General Eisenhower — "the unmistakable eyes of a leader";

5. Orson Welles — "devilish black magic in his orbs";

6. Franklin Delano Roosevelt, Jr. — "a chip off the old block";

7. Clark Gable — "eyes that both command and please";

8. Mayor William O'Dwyer of New York City — "Irish charm and pepers that could hypnotize a bit out of a tree";

9. Montgomery Clift — "eyes with the irresistible appeal of youth";

10. Joe Louis — "eyes that put you to sleep".

EMERGENCY STATE NEAR IN AUSTRALIA

SYDNEY, Australia, July 15.—(CP)—The government may declare a state of emergency and order miners back to the pits if other methods fail to end the country-wide coal strike, authoritative sources said today.

This possibility came after the government had ordered troops into the New South Wales coal fields to work open-cut mines.

The New South Wales government began moving coal by rail today from the northern fields to Sydney despite the protests of striking miners.

The coal will be used to keep up Sydney's rationed supply of gas and electricity. The coal strike, now in its 19th day, has left most Australians without sufficient heat, light and gas, and has reduced transportation services to a minimum.

TOWERING TAX TOLLS SET RECORD

Second instalment of land-tax payments will set a new record this year according to city assessor's department officials.

To date more than \$100,000 has been paid on the second instalment which becomes due July 15 next.

Last year payments on the second instalment amounted to slightly over \$800,000.

Payments under the first instalment due May 15 set an all time record.

Attlee Told CSU Spurred Youth is Sent To High Court

John Clayton Edgar, 10521 84 avenue, was committed to supreme court for trial when he appeared in RCMP court yesterday on a charge of shopbreaking.

Edgar was an accomplice of Peter Chechnita and John Andrew Sadowick who were sentenced to five years in Prince Albert penitentiary on each of two charges of armed robbery.

Chechnita and Sadowick robbed Keelehill farmer Fred Danard of \$77, burning his nose and feet with flaming matches, forcing him to hand over his money.

They were also found guilty of robbing a hotel at Ryley, June 9, of \$70.

Terrance Teague, of Edmonton, another accomplice, was sentenced to three years for the same crimes when he pleaded guilty June 23.

Livestock Co-Op May Extend Its Operation

Operations of the Alberta Co-operative Livestock Association may be extended to Lethbridge.

See Earlier Story Page 10.

A resolution passed at the ninth annual convention here today asked that in view of growing business and industry the association be extended to cover Lethbridge.

At present it operates only in Edmonton and Calgary.

Shortage of stock cars for shipping livestock led to a resolution asking the ALA to endeavor to help shipping associations receive their fair share of stock cars allocated to various points for livestock.

Argument presented was that drover buyers in country points were getting 52 cars while others weren't able to obtain any.

Resolution was a directive to the ALA to approach the Board of Transport on the question of railway cars.

MORE REPRESENTATION
The southern part of the province will be more largely represented at the next annual convention. A resolution asked that a minimum of 12 delegates represent the membership at large in the southern part of the province.

Radio and publicity report was given by Louise H. O'Neill, publicity director, and directors were nominated for election this afternoon.

Further resolutions will be dealt with at the afternoon session.

Provincial Parks Boom

Provincial parks are booming this year.

Number of visitors to Alberta parks for the first six months of this year jumped 53 percent over the number those visited provincial parks for the first six months last year.

Total number of visitors to parks is 218,865 for the six-month period. Last year there were 142,987, an increase of 53.8 per cent.

BROWNLEE FIGURES
Figures were compiled by H. P. Brownlee, provincial statistician, of the provincial bureau of statistics.

Greatest percentage gain of all parks was at Elk Island, 30 miles east of Edmonton, which jumped 106 per cent from 24,234 visitors last year to 30,154 this year.

Banff gained 39 percent, from 91,488 to 127,806.

Jasper gained 21 per cent, having a total of 13,969, an increase of 2.6.

More than two-thirds of the world's population today are undernourished.

HAPPY REUNION

Invasion yesterday of 236 Torontonians meant more than a parade for at least two young men.

Bill Peterson of Toronto hadn't seen his brother Wally for eight years.

Yesterday Bill dashed across the station platform and grabbed the hand of Cpl. Wally Peterson, RCAP.

Wally is stationed here with the Air Force.

SHAME, SHAME
Edmonton's Jasper avenue store managers must be proud of these selves today. As 236 enthusiastic Torontonians paraded here on golden-ill visit yesterday, only one sign of welcome was visible in stores along route. That was one in Cpl. Wally Peterson's 101 street and Jasper.

LOCAL BOY FIGHTS
A former Edmonton boy is among the men of the King's Own Yorkshire Light Infantry in Malaya. Cpl. Roy Clark of 11927 94 street is presently fighting Malayan bandits, leading a section engaged in border patrol work in the area of North Perak and Kedah. He has been in Malaya since September 1948 and has been mentioned in news dispatches from that fighting front.

China Red Gov't Vetoes Services

SHANGHAI, July 15.—(Reuters)—The Communist government military control commission has ordered the United States Information Service to suspend operations on the grounds that no diplomatic relations exist between the United States and Communist authorities.

The British Information Service, which also distributes news in the same way as the United States Information Service, was also ordered closed down for the same reason.

VOYAGE down North Saskatchewan to Prince Albert was ended for four Sea Cadets and their skipper, Father L. C. McGrane, when their four-ton craft, Eketer, grounded on rocks in midstream about 15 miles from

Edmonton. Crew from HMCS Nonsuch here left for wreck scene today to salvage what they can from the floundering craft. Father McGrane is shown with from left, Sea Cadets Bob Wolstenholme, Maurice Zinko, Joe Bouvier and Jim Duplessis.

A Pitiful Spectacle

If cities have heads, Edmonton's civic head should have been in direct shame over the flat and dispirited welcome accorded Toronto's Mayor McCullum and his visiting townsmen yesterday.

Certainly thousands of Edmonton's citizens must have felt humiliated and embarrassed at the city's stupid failure to organize anything like a parade and its obvious unwillingness to spend anything on the world.

The people of this city turned out loyally yesterday to cheer.

But what was there to cheer?

Two assorted mayors and a string of closed cars with stickers on them.

The only bright spots were afforded by the visitors, the girls' pipe band and the costumed Torontonians.

Edmonton contributed nothing, not even a brass band or a decorated float.

And the low point in civic vitality was at 101st and Jasper where a loudspeaker was pleading with the crowd to cheer and

applaud, at the very minute Mayor McCullum was passing and looking more cheerful and hilarious than anybody in the throng.

But Edmonton crowds are not Nazi through the break into applause at the behest of a loudspeaker.

Most people were appalled at the parsimony and lack of preparation evinced by the city. When people are ashamed, they find it hard to cheer.

Later, the picnic at Victoria Park seemed to be a huge success. The journey to the oil fields was quite obviously enjoyed.

But the organization of the parade was a civic disgrace.

No wonder Edmonton has poor paving, insufficient swimming pools, no town planning, inadequate water distribution and sewage disposal.

A civic administration that couldn't organize a little thing like a decent parade, couldn't organize or plan anything.

If it is necessary to save dollars, Canada should start saving dollars, the unessentials.

Edmonton Citizens and the Air Show

Plans for a great Edmonton Air Show during July of 1950 show with what enterprise and energy the Chamber of Commerce is promoting this highly valuable and important event.

If the same initiative is displayed in the next year of preparation as has been displayed in the preliminary and tentative arrangements, Edmonton is going to have something that will publicize this city all over the world.

But Edmonton people should not fool themselves into thinking that the Chamber of Commerce should or can carry the entire load.

The Air Show of 1950 will be a success

only insofar as Edmonton citizens make it

The number of outsiders who visit Edmonton to witness this great display will be determined by the activity of private citizens in bringing them here.

Shows about, of course, be intelligent publicity advertising the event in newspapers in all parts of the world.

But the most effective advertising will be through the personal contacts of Edmonton people themselves.

This is the time for every Edmontonian to write to his or her friends urging them to visit this city in 1950 and see the Air Show that is going to surpass anything ever staged in the West.

Strange Selection of Imports

The federal government's ban on the importation of American fruit and vegetables is entirely indefensible as long as other relatively unimportant American manufactures continue to flood this market.

A regular and copious supply of fruits and vegetables is essential to health.

And this supply should be ensured no matter how badly the dollar supply is depleted.

And to apply this prohibition against American fruit while costume jewelry, toys and gadgets of all kind continue to

enter Canada is pure nonsense.

If it is necessary to save dollars, Canada should start saving dollars, the unessentials.

There may, of course, be some more subtle point involved in the order beyond the common sense of choosing between fruit and earnings.

If there is, the government should explain it.

The Canadian people would welcome a plain and simple exposition of the reasoning which leads to a ban on healthful fruit while luxury items are admitted.

The Pope Speaks for Christendom

The Roman Pope speaks for all Christians in a sense when he orders major excommunication of militant Communists who are also Roman Catholics.

Communions other than those acknowledging the authority of the Roman See are not concerned, of course, in the mechanics of the excommunication which is purely a domestic matter within the Roman Church.

But it is the implication in the Pope's order that every Christian must applaud.

That implication is that Communism and the Christian Faith are utterly at variance and utterly irreconcilable.

Thus, the Pope, inferentially makes a statement that should have been made plainly and forcibly long ago.

In this he speaks for the whole Christian world.

It is true that some of the communions within Russia seem to have effected an

amazing reconciliation between Communism and their special brand of Christianity. But it must be an astonishing kind of Christianity that lies down with a doctrine which denies every precept of Christ.

The dignity and worth of the individual human soul is an axiom of the Christian Faith. Communism denies it.

Communism subjects the individual to the authority of God the authority of a deified state.

This is more than pagan. It is blasphemous.

The theory that a state is greater than a man is a heathen belief as old as the city states of the ancient world. Communism has revived it.

There is no common meeting place between Christianity and Communism. The two are bitterly antithetical.

And the world is indebted to the Pope for a sweeping order that makes it very plain.

ON THE RECORD By Dorothy Thompson

Psychological Blunders Retard German Recovery

London—The offer of Ruhr industrialization to the Western Allies complete ownership of the Ruhr plants in preference to dismantling them, is a blunder.

It includes—

In addition to great plants for distilling oil and by-products from coal—eight large steel plants and 214 smaller factories, should be accepted immediately. The offer should also awaken the attention of the American taxpayer to insolent commitments at his cost.

Whether the Germans eventually turn East or West will determine the fate of Europe and the issue of peace.

Occupation forces, equipped with huge publicity facilities, unfortunately tend to believe their own propaganda.

This columnist, who has spent months of intensive study in all three zones of Western Germany has found nothing to justify the assumption that the future of any part of Germany is assured.

We certainly cannot afford continued psychological blunders.

Dismantle Industry

No measure taken by the Western Allies has had a worse psychological effect than the assumption of dismantling four years after the war.

As the Communist triumphantly point out to their compatriots, this is in flat contradiction to the Potsdam agreement which specifically promised that dismantling would cease by October 1947.

The continued assumption of destruction in the midst of a wide-

erness of ruins was, from the beginning, the worst peace policy imaginable.

To begin it again now is unbearable to any national mentality, especially as the theory that these industries would be "transferred" to operate elsewhere in Europe has never been proved to the German people.

I was unable to find a single Allied authority who could tell me of one factory in Europe that was back in operation. Although there may be a few, most of the equipment removed is only scrap.

Dismantling is not something that can be hidden.

In the Ruhr you can see foundations and piles of railroad tracks that show no trace of fire or explosion.

These buildings were not destroyed by bombs. They were taken down brick by brick and shipped in some cases, hundreds of miles in fleets of railroad wagons, using labor, coal, and money enough to put up brand new factories.

Nobody believes that neighboring countries or Czechoslovakia are going to rebuild factories, or, if they are, they are being dismantled, broken, and cement-encrusted brick.

This has not stopped.

Among the factories to be dismantled, there are still some whose recovery claim walls and windows. And this occurs in a territory where every building is a ruin, where the only thing that is left is the rubble.

It is at a premium.

Wires in an instant assume the form of a policy of wreck and ruin.

Any policy to be successful must be supported by the Allies.

Otherwise the German and other visitors—who that he lives in an instant assume the form of a policy of wreck and ruin.

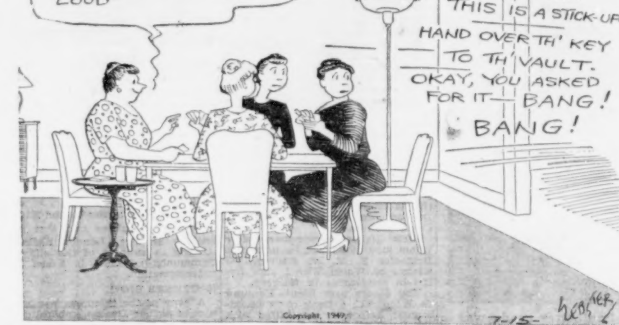

It is at a premium.

It is to come to the German and other visitors—who that he lives in an instant assume the form of a policy of wreck and ruin.

It is at a premium.

Bridge

YOU CHILDREN MUST REALLY STOP FIGHTING IN THERE. PICK UP THAT LAMP YOU KNOCKED OVER, AND REMEMBER WHAT MAMA SAID ABOUT ROLLER-SKATING IN THE TERRACE WHILE WE ARE PLAYING BRIDGE. PLEASE TURN DOWN THE RADIO A TRIFLE. IT'S MUCH TOO LOUD

Letters to the Editor

Likes New Columnist

Editor, Bulletin—I would like to congratulate you upon your foresight in securing Stan Ross' column for your newspaper.

I am sure my opinion must coincide with that of thousands who have enjoyed his broadcasts over CJCA.

A columnist of his caliber is a rarity. Here is a man who is not afraid to say what he thinks regardless of the consequences.

That is the time for every Edmontonian to write to his or her friends urging them to visit this city in 1950 and see the Air Show that is going to surpass anything ever staged in the West.

Special Privilege

Editor, Bulletin—It is time now that the taxpayers demand better service from the powers that be at the Civic Block and in the present management of the transit system.

Mr. Ferrier and the assistant, Mr. Wilson, the expert from Toronto, confirmed that, when it was necessary to have Norman D. Wilson, the expert from Toronto, to give advice as to how the deficit could be overcome, if operated efficiently.

One of the most important points suggested, was to do away with all passes. This was turned down by the mayor and aldermen, because they are riding on passes, and have been for years past, when holding official positions.

You will also note that they receive passes to the Edmonton Exhibition, another special privilege.

Smiles

A distinguished clergyman and one of his parishioners were playing golf. It was a very close game and the clergyman took up, addressed the ball, and swung his driver with great power. The ball sailed off the tee and settled slowly in the water.

The clergyman frowned, glared, and bit his lip, but said nothing. His opponent regarded him for a moment, and then remarked: "Doctor, that is the most profane silence I have ever witnessed."

Way to Balance Budgets

A person earning 60¢ per hour in 1936 would be fully compensated for increases in the cost-of-living with \$1.00 last month. The official figure for July 2 not being issued as yet.

A person earning \$1.00 per hour in 1936 would be receiving a comparable wage if he obtained \$1.25 now.

Yet many increases have amounted to considerably more than 25 per cent. In other cases, increases asked as compensation for the increase in living costs since last year have been 10¢ per hour and more and yet so correct to the price increase since the beginning of 1948.

It is failure to realize just what is involved in the cost-of-living

that is resulting in wage increases being unequal in many cases and this, in turn, is aggravating the inflationary condition.

On the other hand if the best possible cost-of-living index could be maintained and if it could be followed closely both in the matter of increases and decreases, we would be able to maintain a balance of business would be maintained.

That rule, would be followed by wage earners, pensioners, and others to provide an even balance and, while this would be difficult, it still provides a goal towards which we might work.

European Arms Program Falter

U.S. Senate Debates North Atlantic Treaty Obligation

By George Ronald

WASHINGTON, July 15.—(CP)—The government's \$1,130,000,000 arms program for western Europe faces tougher going than the North Atlantic Treaty it complements.

The fact stands out after the Senate's debate on the pact itself. Individual senators returned time and again to the bothersome question of whether support of the treaty commits them to vote for the arms program.

The best answer they got was that there need be nothing "automatic" about it. But, in the words of State Secretary Acheson, "If you ratify the pact, it cannot be said that there is no obligation to help, but the extent, the manner and the timing is up to the honest judgment of the parties."

SUBTLE DIFFERENCE

So the Senate accepted the subtle difference between "commitment" and "obligation" and some who support the treaty made it abundantly clear they will not give the same backing to the follow-up military aid—"obligation" or not.

Under the pact, the United States, Canada and 10 western European countries promise that an attack against one will be regarded as an attack against all. But the treaty leaves each country free to take whatever action it considers necessary.

Most senators string along with the government to this extent: The treaty is powerful psychologically; it is a strong deterrent to any potential aggressor.

TREATY OR NOT

Many in fact say privately that they think the United States would go to the aid of western Europe—treaty or not—if only to preserve its own security.

But the government and a big part of the Senate think in different terms when it comes to the next step. The government argues that stronger European defenses would be an even greater deterrent. Some senators contend it would be better to conserve United States military strength at home.

UNDER LABOR ACT

The suit, filed under the Taft-Hartley Act, charged the unions with "inducing and encouraging" Matson employees to strike and to engage in a "concerted refusal" to carry out their duties.

Matson said the unions exerted unlawful pressure to prevent the company from doing business with seven struck stevedoring companies or "with anyone else" in Hawaii.

The company also said it incurred losses in that it was deprived of the use of its ships and had to maintain an idle fleet. It added these were the losses suffered by the Moana and Royal Hawaiian hotels, both operated by Matson.

Polish Bishop Denies Miracle

WARSAW, July 15.—(AP)—The Roman Catholic hierarchy

appealed yesterday to Poles to stop pilgrimages to Lublin Cathedral where a woman was killed and 19 other persons were hurt in a stampede to see a portrait of the "Weeping Virgin."

Most Rev. Piotr Kalwa, Bishop of Lublin, said an inquiry by a special commission failed to disclose any basis for reports that anything of a supernatural character had occurred in the cathedral.

Soils Collected

CANBERRA (CP)—Samples of soil from South Australia are being flown to France by air to be examined for moulds and bacteria and compared with soil specimens from other parts of the world. They were collected by the botanic section of the natural history museum in Paris.

EDMONTON BULLETIN, Friday, July 15, 1949

Oil Seen as Solution Of Dollar Shortage

WINNIPEG, July 1.—(CP)—Canada's rapidly-developing oil projects should solve the country's shortage of United States dollars within two years and help put it on "a way to becoming 'a vast empire by itself,'" Laurence A. Steinhardt, American ambassador to Canada, has predicted.

The oil development "would not only wipe out Canada's so-called dollar shortage but would also earn dollars by exports."

Mr. Steinhardt said yesterday crude and refined oil make up almost 20 per cent of Canada's total imports, excluding gold in 1947.

"I have always believed in Canada," he said in an interview. "I do not say that just because I am the American ambassador—I believed in Canada as a youngster. It will become a vast empire; it cannot help doing so, a great country stretching from coast to coast with hard-working, intelligent people."

With Mrs. Steinhardt and their daughter, Delcie Ann, the ambassador stopped here overnight on a holiday tour of the west and Alaska—en route to Calgary by embassy aircraft.

JOHN GETS ALL WET

SEATTLE, Wash., July 15.—(UP)—Three-year-old Johnny Barr, after watching his five-year-old cousin playing, made a disastrous try at leap frog. The toddler attempted to leap over a garden faucet. His pants caught the handle, turning it on. Johnny was suspended waiting while a chilly stream of water poured over his rear.

N.Z. Discusses Self-Sufficient Oil Supplies

LONDON, July 15.—(Reuters)—Finance Minister Walter Nash of New Zealand yesterday said Commonwealth economic leaders discussed plans to make the commonwealth self-sufficient in oil supplies.

Nash said the representatives had continued to make good progress in general discussions on long-term measures to close the dollar gap.

The meeting heard a suggestion of possible large-scale United States investments in commonwealth countries.

Firm to Sue Ship Unions

HONOLULU, July 15.—(UP)—A spokesman for the Matson Navigation Company said today that "severe losses" in the 76-day-old longshoremen's strike prompted the company to file a \$1,500,000 damage suit against three Hawaiian maritime unions.

The suit, filed in federal court yesterday, named as defendants four locals of the CIO International Longshoremen's and Warehousemen's Union, the CIO Marine Stewards Union and the Independent Firemen's Union.

Matson asked, in addition to \$1,500,000 in strike damages, \$20,000 a day more until the walkout ends.

UNDER LABOR ACT

The suit, filed under the Taft-Hartley Act, charged the unions with "inducing and encouraging" Matson employees to strike and to engage in a "concerted refusal" to carry out their duties.

Matson said the unions exerted unlawful pressure to prevent the company from doing business with seven struck stevedoring companies or "with anyone else" in Hawaii.

Grit Election Is Confirmed

ANNAPOLIS, Md., July 15.—(CP)—Election of Liberal A. Elderkin to represent Annapolis-Ridge in the federal house was confirmed yesterday following a judicial recount of the votes cast.

George Nowlan, defeated Progressive Conservative candidate, immediately announced he would take the decision to the courts. He claimed more service votes had been cast than there were servicemen from the district.

Yesterday's recount gave Mr. Elderkin a four-vote majority over Mr. Nowlan, who won the seat in a December, 1948, by-election. It previously had been held for 22 years by J. L. Lacey, formerly Liberal finance and justice minister, now a justice of the Nova Scotia supreme court.

The recount gave Mr. Elderkin 15,202 and Mr. Nowlan 15,198. The declaration day figures had given Mr. Elderkin a seven-vote lead.

Election night returns gave the seat to Mr. Nowlan with a 68-vote majority over Mr. Elderkin. The soldier vote cut the margin to two votes and the declaration day count gave the seat to Mr. Elderkin.

Girl Says Stabbed With Pitchfork

SARNIA, Ont., July 15.—(CP)—Annie Levey, 10, yesterday testified in court her father had stabbed her in the back with a pitchfork July 5 when she was driving a tractor with a load of hay.

She said her father, Andrew Levey, shouted at her for not turning the tractor quickly enough and then struck her with the fork. Levey was remanded until July 21.

Rebels Expelled By Manitoba CCF

Two MLA's Tossed From Party For Atlantic Pact Jibes

WINNIPEG, July 15.—(CP)—The Manitoba section of the CCF last night expelled from the party two of its ranking members for public utterances at variance with CCF policy.

A closed session of the section's 14th annual convention took the action against B. E. Richards and W. Doneleyko, who made speeches criticizing the North Atlantic Security Pact after it was endorsed by the CCF national convention. Both are members of Manitoba Legislature—Mr. Richards for The Pas and Mr. Doneleyko for St. Clements.

CST DISCREDIT

A brief statement after the meeting said the two members "by public pronouncements and by the wholesale circulation of letters... had attempted to cast discredit on the National Convention, the National Council, the National Caucus,

the Provincial Council, and the CCF movement in general."

It added that the national convention of the party had given its approval to the plan for European recovery, called for extension of the principle of western economic union and approved the signing by Canada of the North Atlantic Pact.

NO LESSER LIGHTS BANNED

The expulsion—proposed by Stanley Knowles, Member of Parliament for Winnipeg North Centre—was in line with predictions by informed sources that the party was prepared to make all members toe the line with respect to policy matters. However, the post-meeting state-

CUSTODY CONFOUNDED

MOBILE, Ala., July 15.—(AP)—A waitress yesterday won a divorce from her husband and custody of her child.

Reading through the divorce, she was startled to learn that instead of the child, she had been awarded custody of her ex-husband.

Her lawyer hurriedly took steps to correct the typographical error.

Newspaper Sold For \$2 Millions

NEW ORLEANS, July 15.—(AP)—Publisher Ralph Nicholson of the New Orleans Item announced yesterday sale of the newspaper to David Stern, former Philadelphia and Camden, N.J., newspaper executive.

Sale price for the six-day after-noon item, one of the south's oldest metropolitan papers, is reported to be approximately \$2,000,000.

ment gave no indication of any action against several lesser party members in Manitoba who last spring lent their names to a document criticizing the North Atlantic Pact.

Canada Civil Defence Plan Reaches Cabinet

By Douglas Howe

OTTAWA, July 15.—(CP)—A comprehensive plan for the civil defence of Canada has been placed before the cabinet as the result of a tour that found most of democratic civilization taking active steps to prepare cities and people for the worst.

Maj. Gen. F. F. Worthington, co-ordinator of civil defence, is the man who prepared it and the man who made the tour.

Every country he visited contributed something because each one—the United States, Britain, France, Belgium, Holland, Denmark, Norway, Sweden—is preparing to cope with atomic attacks, mass air raids and their vicious kin.

ONE EXCEPTION

There was one exception: The ruins and survivors of Germany he found still living in the past. But they willingly offered the soldier who fought Germans in two wars the best chance to study what men did under the most violent sustained air assaults.

Gen. Worthington picked up "quite a few wrinkles" there. But the best source of all was a neutral in both wars. Sweden, Gen. Worthington said in an interview, is

ahead of every other nation in efficiency and scope of her plans. One Stockholm official has even gone so far as to paint a window with a flower garden outside in the underground office he would use in an emergency.

SCANDINAVIA LEADS

Scandinavia generally is ahead in civil defence and its plans are worthy of study because its people, climate and environment have strong Canadian parallels, the General said.

Generally speaking, they use considerably more compulsion than is usual here. Their civil defence training and personnel are closely wedded to the forces.

Canada's preparations are based on a go-slow policy that aims primarily at learning other people's mistakes and avoiding them, but Gen. Worthington isn't discussing his plan pending cabinet approval.

EASIER PICKIN'S for you chicken munchers now, with this wingless variety chick. It was developed by Peter H. Baumann of Des Moines, Ia. He examines one of them, stripped, compares it with an ordinary bird, left, with aviation equipment intact.

Polio Epidemic Dangers Lie in Fear, Hysteria

EDITOR'S NOTE: Following is the fourth in a series of dispatches by Paul F. Ellis, United Press science writer, who is in Texas investigating the infantile paralysis epidemic at San Angelo.

By Paul F. Ellis

SAN ANGELO, Tex., July 15.—(UP)—Panic and hysteria are more to be feared than polio when the disease hits a community. Mayor E. A. Vautrain said today in a warning to other American cities and towns where epidemics may strike this summer.

Vautrain, a typical tall Texan, said that during the outbreak of polio here demands poured on him to stop the epidemic. "One woman, he said, threatened his life if he didn't do something about it."

The mayor had some criticism of health authorities for not educating the public more fully about polio. Declaration that a polio epidemic existed touched off a wave of fright and fear, he said. "The people should have been prepared for it," he said.

FEARS ALLAYED

On demand of hundreds of persons, city officials ordered a seven-day closing of schools, motion picture houses, churches and swimming pools. Vautrain said—and some doctors agree with him—that the closing probably had no effect in checking spread of the disease. But it did allay some of the fears.

However, many folks got jittery again when the seven-day closing period expired. New demands for a closing were made. City officials then put the bars on a voluntary basis. As an example, Vautrain said not one child showed up for Sunday school at

JOHNNY ON THE SPOT

CHAPLAU, Ont., July 15.—(CP)—The day before lifeguard Fern Filton was to have started as swimming instructor and lifeguard at the beach here, he rescued a child from drowning while inspecting the beach.

RCAF Ace Dies In Auto Crash

SYDNEY, Australia, July 15.—(CP)—Charles Curlew Scherf, Australian-born ace pilot of the RCAF City of Edmonton fighter squadron during the second world war, was killed Wednesday in an automobile accident near the New South Wales-Queensland border. He was 32.

As a squadron leader, Scherf was known for his skill on strafing missions over enemy territory in Europe. He won the Distinguished Service Order and the Distinguished Flying Cross with bar.

15 Reds Jailed

LISBON, July 15.—(AP)—A Portuguese court Wednesday sentenced 15 persons accused of engaging in Communist propaganda to prison terms ranging up to 15 years. Twelve other defendants were acquitted.

Stratton Story Finest in Sport

Great Courage, High Drama
Spark Great Sports Story

Gallant story of one of the most courageous figures in the world of sport unfolds on the screen of the Capitol Theatre today.

It's "The Stratton Story" MGM's new film based on the spectacular and dramatic career of Monty Stratton who came from the sandlots of Texas to win fame as a pitching star with the Chicago White Sox.

"The Stratton Story" superlative entertainment. It is a drama of a man who faced disaster with great courage and it packs a terrific heart wallop.

No Export Limits

WASHINGTON, July 15.—(AP)—The government announced Wednesday that because of the plentiful supply it no longer will set limits on the amount of wheat which a foreign country may obtain in the United States.

ECA Approves U.K. Purchase Of Lumber

WASHINGTON, July 15.—(CP)—Purchase of \$6,000,000 worth of Canadian lumber by Britain was approved Wednesday by the Economic Co-operation Administration.

Another Marshall-Plan grant gave French North Africa \$31,000 to buy farm equipment from Canada.

IN ACTION in new role as Monty Stratton, James Stewart plays former big league pitcher ace whose brilliant diamond career was interrupted at peak by accident costing him right leg. His sensational return to game he loved furnishes stirring "Stratton Story," now at Capitol Theatre. James Stewart shares honors with June Allyson, Frank Morgan, Bill Williams.

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—A check on the "oscar derby" at the mid-way mark reveals a scant field.

Never has there been so few contenders for academy honors at the six-month post in Hollywood's annual race. From this vantage point, it appears that only "Letter to Three Wives," "Home of the Brave," "The Window" and "Champion" make a serious bid for blue-blood honors.

Kirk Douglas' prizefighter role seems to me the only performance to raise serious attention. Unlike last year, female contenders for the acting prize are sparse.

Of course, studios seldom hold their academy hopefuls until the end of the year. But last year's winners—Johnny Belinda, "Hallelujah," "Sierra Madre"—were all brought out in the first part of the year.

It looks as though the studios are de-emphasizing Oscar. They have

already withdrawn their financial support from the Academy. And their 1948 releases so far have leaned toward comedies, musicals, crime thrillers and other so-called crowd-pleasers. Drama has taken a back seat.

Johnny seems to be Hollywood's favorite handle these days. Last season it was "Johnny Belinda" and before, "Johnny O'Clock." Now we are soon to see such Johnnies as "Johnny Alingo," "Johnny One Eye," "Johnny Holiday" and "Johnny Stool Pigeon."

This trend no doubt has some significance. Could it be there's jack in Johnnies?

It takes no Oultra board to predict that Bill Lawrence will hit the crown hall of fame in the footsteps of Vallee, Crosby, Colum-

bo, Sinatra, Como, etc. But here is a guy with a really modern design. I'm talking about television. I think he'll be video's first avowed sensation. A lift of his eyebrows can send a bobbysoxer into hysterics at the other end of a coaxial cable. It is frightening to think of TV's possibilities of mass hypnosis.

National Car Strikers Accept Settlement Bid

TORONTO, July 15.—(CP)—An immediate return to work by 1,800 employees of National Steel Car Company of Hamilton is provided for under terms settling the wage strike which started last May 27.

The men, members of the United Steelworkers of America (CIO) struck to back demands for a general pay increase of 10 cents an hour. Terms of settlement included an increase on the wage issue of six cents.

Labor Minister Daley announced yesterday a settlement of the dispute had been reached. The return-to-work formula was approved last night by the union.

Some Chinese plays, usually the most popular, are very long, and several days may be needed for their performance.

U.K. Import Cut Seen Threatening Industry

OTTAWA, July 15.—(CP)—An informed official says that dollar-area import slashes by the United Kingdom may lead to some Canadian industry curtailing activity, possibly engendering a reduction in staff.

He says industries likely to be affected would be copper, aluminum, pulp and paper and possibly tobacco.

He estimates that on the basis of Sir Stafford Cripps' announcement in London, cutting the U.K.'s 1948 dollar imports by 25 per cent, Canada would lose between \$60,000,000 and \$80,000,000 this year.

NEXT YEAR CRUCIAL
"If the slashes continue, then next year—1950—will be the crucial year," the official said. A continued 25-per-cent cut next year in Canadian exports to the U.K. would mean a loss of more than \$100,000,000.

While not unexpected here, the U.K.'s import slashes come at a time when Canada finds herself struggling out of a trade deficit with the United States and searching incessantly for more export markets.

Trade Minister Howe said he wanted a few days to think over the import cuts before commenting.

PLAN DELAYED
Rigid controls on U.S. imports amid tightening foreign markets means for Canada a disappointing delay in her long-range plan for re-establishment of multilateral trading on a widespread international basis.

More immediately the import cuts announced in London will mean that Canada will have to start a new search for untapped markets or else cut down industrial capacity, which had taken root and flourished during the war years.

Aussie Troops Begin To Work Open-Cut Mines

SYDNEY, Australia, July 15.—(CP)—Australian army troops late last night moved into strike-bound coal fields of New South Wales to work open-cut mines.

The orders were issued to regular army units following a secret conference this week between leaders of the federal and state governments.

The first troops to move drove a convoy of 15 bulldozers and scoops to the recently opened open-cut mine at Momi. This mine is not easily reached from the main mining area and apparently was chosen to make interference by striking miners as difficult as possible.

Italian Union Wires Dockers Sympathy

ROME, July 15.—(AP)—The Communist-controlled Italian Confederation of Labor yesterday message striking London dock workers that no Canadian ships would be unloaded in Italian ports. The message expressed "fraternal sympathy" for the London strikers, the Italian news agency Asisa said.

Canadians Lead Steer Decorating

Ponoka Cowboy Newcomer Clips Stampede Record

CALGARY, July 15.—(CP)—Canadian cowboys, paced by the record-breaking performance of Everett Vold of Ponoka, Alta., continued their domination of the spinning steer decorating event at the Calgary Stampede yesterday.

The young Alberta cowpuncher, who has never figured prominently in a major stampede event before, flashed off his horse in the second go-round of the North American steer decorating championships and decorated his steer in the record-breaking time of three seconds flat.

RECORD CLIPPED

Vold's spectacular performance clipped one-fifth of a second off the former stampede mark set in 1941 by Warner Linder of Cardston, Alta., and equaled by seven other cowboys.

Vold, who slipped his ribbon over the horns of a galloping Longhorn in 6.1-5 seconds in the first go-round, now is tied for first place in the championship class with a combined time of 9.2-5 seconds.

Rod McDonald of Claresholm, Alta., competing with a badly injured leg, chalked up a 5.5-5 seconds time today to go with his earlier four seconds flat performance in the Vold.

SMALL CROWD

Merle Sorenson of Magrath, Alta., whose time of 3.7-5 seconds was the best turned in during the first go-round, did not decorate yesterday and is scheduled to appear in the event today.

A crowd of more than 15,000 persons, smallest afternoon attendance to date during the afternoon events, was on hand in the enclosure to watch Vold's feat.

CALF-ROPING

Jim Sniveley of Pawhuska, Okla., roped and tied a frisky calf in 14.4-5 seconds to take an early lead in the second go-round of the North American calf roping championship.

Clay Tibbe of Fort Pierre, S.D., and Cotton Russer, Long Beach, Calif., headed riders in the second go-round of the North American saddle bronc riding title with 344 points each. A number of other riders are scheduled to compete today to complete the round.

1914 Rowing Champs Reunited On Ottawa River

OTTAWA, July 15.—(CP)—Four men and a boat got together recently for the first time in 35 years.

The quartet—champion scullers of yesterday—went rowing on the Ottawa River. It was their first meeting since 1914 when they won the 140-pound Henley fours at St. Catharines, Ont.

They were: Alf Dunn, John Tapley, Ron Byron and Jim Malloy. Alf and John have been travelling far afield, in Britain, the United States, South America and the British West Indies.

They came back to see Ron and Jim, two lads who stayed at home.

Count Confirms Liberal Seat

DORCHESTER, Que., July 15.—(CP)—Leonard Tremblay, Liberal candidate in Dorchester in the June 27 federal elections, was assured of a seat in the House of Commons yesterday after a judicial recount left him with a plurality of 218 votes over his Progressive Conservative opponent, Gerard Corriveau.

The recount, sought by Mr. Corriveau, reduced Mr. Tremblay's plurality from the Declaration Day figure of 237.

Final results were: Mr. Tremblay, 6,979; Mr. Corriveau, 6,760; L. P. Bouchard, Union of Electors candidate, 1,019.

Always Travel with ENO

Many seasoned travellers the world over carry a box of ENO'S "FRUIT SALT." Sudden changes of climate, food and water may cause headaches, constipation or various other upsets. A box of ENO when needed helps provide complete relief for such ailments and helps correct sluggishness caused by lack of exercise on long tedious trips. Always keep a bottle of ENO'S "FRUIT SALT" handy and take a sparkling glass before breakfast when required. ENO is pleasant corrective which helps keep your digestive system in order—ENO helps you eat, rest and feel better. You can buy ENO'S "FRUIT SALT" wherever you travel. Sold throughout the world for over 75 years.

Canadian ERP Purchasers Get \$762.6 Millions Aid

OTTAWA, July 15.—(CP)—The United States has put up the money for Marshall Plan countries to buy \$762.6 million worth of goods in Canada.

This figure, announced yesterday, represents money authorized for purchases in Canada at the beginning of July under the Economic Cooperation Administration. It is \$19,852,000 more than the total at the end of May when the amount set aside to be used to buy Canadian goods was \$742,767,776.

U.K. BIGGEST BUYER

The United Kingdom continues to get the green light for purchasing the biggest chunk of commodities in Canada. At July 1 total authorizations had cleared the way for the U.K. to buy a host of commodities to the value of \$25,441,129 — an increase of \$15,222,000 from May 31.

Metals, minerals and alloys had the largest increase during June of the various commodities okayed for purchase in Canada. The amount put up for such purchases was \$19,692,552 — an increase of \$16,752,000 from the end of May. Wood and wood products were next—an increase of \$1,567,000 at July 1.

BREAD GRAINS TOPS

While there was no increase during June, bread grains continued to make the biggest authorization. Marshall Plan countries may spend as much as \$216,680,616 on grains such as wheat, rye and flour. Coarse grains also remained of a Royal Dutch air liner.

Crash Dead Honored

BOMBAY, India, July 15.—A memorial service was held at the town hall yesterday for the 45 persons killed Tuesday in the crash of a Royal Dutch air liner.

TATTOOER NOT TICKLED

TORONTO, July 15.—(CP)—

—Vivian A. Simmons, tattoo man with 4871 designs on his body, is disgusted. He said Toronto residents want only arrows and hearts tattooed on them. His comment: "Phoney."

A veteran of 43 years' in the business, he has a favorite tattoo on his lower lip—the Lord's Prayer in Chinese.

HIS TROUBLE WITH POLICE CONTINUES

LOS ANGELES, July 15.—(AP)—John D. Oppenheimer, 24, who had a little police trouble last November, parked his car in front of city hall all decked out with cards.

One card read that painted red zones in front of city hall in which cops only may park are a discrimination against citizens.

The cops added a card of their own—a yellow parking ticket. Oppenheimer was parked in that red zone in which cops only may park.

Truman Scorns Wallace 'Gang'

Term Used For First Time In Brusque Denouncement

WASHINGTON, July 25.—(UP)—President Truman today used the word "gang" to scornfully denounce Henry A. Wallace, Negro singer Paul Robeson and Clifford J. Durr, president of the National Lawyers Guild—leaders of a forthcoming "bill of rights conference" in New York.

The president lashed out at the left-wing leaders after Manning Johnson, a self-avowed ex-Communist, named Robeson as a long-time Communist party member with ambitions of becoming "the second Lincoln."

Newsmen told Mr. Truman that Durr, Robeson and Wallace said they will demand a probe of the Federal Bureau of Investigation when the bill of rights conference convenes this weekend.

PERFECT RIGHT
The chief executive said quickly that he had no objection to the FBI investigating the "gang" of left-wing leaders.

He said he had taken no action against the "gang" because he had no evidence against them.

He said he had taken no action against the "gang" because he had no evidence against them.

Post-War Far East Changing

By MAX HARRELSON

LAKE SUCCESS, N.Y., July 25.—The United Nations reported last night that state "economic planning and control have been increasingly evident in Asia and the Far East" since the war.

A 288-page survey, prepared by the economic commission for Asia and the Far East, listed this at the top of a list of changes that have taken place since the war.

The survey said that in many countries—the Philippines, Burma and Ceylon, China and India also have developed under state ownership, such basic industries as power and machine.

Other major economic changes listed were:

1. The decline of colonialism.
2. The disintegration of the Japanese empire.
3. The emergence of new states.
4. The reorganization of the regions.

As for current industrial production, the survey said "the progress cannot be any means be regarded as substantial or satisfactory."

ARMED MEN SEIZE BRITISH VESSEL
A British merchant ship, the *SS. "Aurora"*, was seized by armed men in the Indian Ocean.

SHOW RING RECORD

Bull Sires Complete Shorthorn Prize List

CALGARY, July 25.—(CP)—Richardson's stock farms of Winnipeg established what may be a world record in livestock showing circles yesterday when they made a clean sweep of the Shorthorn female classes at the Calgary Stampede.

The sweep was unique in that winners were sired by the same bull.

Judge John Blume of Liberton, Ont., said Richardson's "Bull" was the best he had ever seen.

U.S. Car Production Reaches Record High

THEY CAN HIT TARGET BUT MISS FILE BOX

WINNIPEG, June 13.—Canadian records in the grand aggregate and in the team aggregate ended at the annual summer health rifle shoot had a scare last night when their records were temporarily disqualified.

Records were stipulated that records must be made before 5 p.m. yesterday. But at 8:30 p.m. Canadians' cards were found on a table in the statistics office.

Lieut. George P. Syles of Regina, adjutant of the team, assured statistics officer that he had filed the cards at 4 p.m. But by error had put them in the wrong box.

Authorities then reinstated the scores.

Morris to Stay; Olson Joins Esks

By Stan Mohr
Bulletin Sports Editor

James Doherty is going to stay on after all. At least that's what the Cubs' front office believes.

But then, so is every other player on the team.

Of Cubs in Wednesday's clash at Rentfrew Park, the Cy-forman was just as definite that he was "going home."

Ponoka Runs Wild Socking Red Deer

RED DIED July 15, Ponoka blasted
out four Red Deer pitchers for a
13-3 victory in Central Alberta
Baseball league game played here.

Winners took a 2-0 lead in the
first inning and then looked on
for seven additional runs in the
fourth. After that there wasn't much
doubt about the eventual outcome.

Two and two make four, even in this day and age.

But any similarity between the "rithmetic of days gone by and the brand of mathematics being dished up to the kids of today is negligible.

Vatican Charges Reds Eye Poland

First Incidents Said Seen In New Drive on RC Church

VATICAN CITY, Rome, July 15.—(UP)—Vatican sources say that the Roman Catholic Church in Poland will be the next objective in the Cominform campaign to wipe out the church in eastern Europe.

HE FORGOT—NO MAYBE!

LONDON, Ont. July 15.—

(CP)—A two-week search by

Mayor Ray Dennis of London for

his missing pay check ended yesterday in a Chinese

laundry here.

The laundryman found it in

the pocket of one of the chief

magistrate's dirty shirts.

"You forget me!" the

cheque-waving proprietor asked

when he called for his laundry.

Leftist Asks U.S. Ouster

LONDON, July 15.—(AP)—Left-

ist John Pata-Mills, Independent

Labor member, has asked in the

House of Commons if it is not time

to tell United States air force units

in Britain to go home.

Arthur Henderson, secretary of

state for air, said he disagrees

with Pata-Mills' opinion.

Pata-Mills, suspended from the

Labor party in May, 1948, for

opposing party policies, then asked

if the government would involve

United States to remove its eastern

Atlantic and Mediterranean naval

headquarters from the British

State Minister Hector McNeill

replied for the government: "The

answer is no."

Gas Showing At Ashmont

By Don Flach

Good showings of gas are reported from the wildcat well being drilled at Ashmont in the St. Paul area northeast of Edmonton by Angus Petroleum Company Limited, a Toronto independent which recently completed a detailed seismic survey on a 39,860 acre crown reserve.

The well is located on lsd. 13-3-60-11W4, two miles north of the town of Ashmont. Pacific Petroleum Ltd. are supervising the drilling program which calls for a minimum of three wells drilled on two anomalies, one of which is marked favorable.

The gas showing was obtained in a 4 1/2 inch test of the interval from 1,864 to 1,878 feet. Another drill test is planned for this afternoon with bottom at 1,885 feet.

At the northwest end of Redwater offshoot, No. 13-B is preparing to drill out production plug in the Redwater No. 13-B which has been drilled at 2,320 feet and has been treated with 4,000 gallons of acid. The well is waiting on results of the production test.

SURFACE PIPE RUN
Bear Beaumont at Pelican Rapids on Athabasca River is starting to run surface pipe after getting a natural gas blow from the Viking Sands.

Biltmore, west of Fort McMurray is reaming this afternoon and Bear Parkside near Birtle, south of west of Lac la Biche is standing cemented with bottom at 1,698 feet. Bear Villa is drilling at 4,441 feet, one-half hour test. Finished in the D3. No. 205 was tested for four and one-half hours and established a potential of 986 barrels daily.

A natural gas blow rating 90,000 cubic feet daily which dropped to 60,000 cubic feet daily was encountered in a 30-minute test of the wildcat, Imperial Sprucefield No. 1. Test was taken from 2,012 to 2,071 feet. Pipe recovery was 180 feet of mud and 30 feet of salt water.

Imperial Irons southwest of Leduc has drilled out cement and reamed drilling at 622 feet. Willingdon is coming at 2,082 feet. Lily at 2,415 feet and Normalee is reaming 2,527 feet are coming and reaming hole. Imperial Wembley is drilling at 1,700 feet and Leduc Calmar at 1,700 feet is coming for thinning at 8,857 feet.

HANNA WELL REACHED
Mutual Elsie No. 1 is drilling at 1,700 feet and Leduc Calmar at 1,700 feet is coming for thinning at 8,857 feet.

Livestock

EDMONTON, July 15.—Total receipts: Cattle 514, calves 183, hogs 43, sheep 14.

Friday's cattle market is winding up fully steady on all dry fed offerings, but local buyers continue to beat down on the yearling grass calves. Quality of today's run was very ordinary with no grain-fed cattle on offer.

Three loads of choice dry fed steers and yearlings belonging to the Ball Brothers of Regina topped the market, with two loads of handwrought Angus steers at 22.85. Good to choice grain fed heifers continue to sell at 18.00-19.00.

This morning's sales of cows were 30 to 1.00 per cwt. lower, with the practical top on grassers being 15.00. Salesmen were quoting good butter cows at 12.00-13.00. Bulls were about steady, with best being 12.00-16.00.

Veal calves were steady, good to choice handweights 19.00-21.00. Hogs were steady, grass fed for shipment 33.75, grade A at local prices 31.50, some live weight on yards 18.50, and stage live weight on yards 15.50. Handwrought spring lambs sold at 22.00-24.00.

Following are the quotations:

Choice fed calves 21.00 to 22.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Choice steers 18.50 to 19.50

Medium steers 15.50 to 16.50

Choice heifers 18.50 to 19.50

Medium heifers 15.50 to 16.50

Good light cows 12.50 to 13.50

Medium cows 10.50 to 11.50

Cannera and cutters 8.00 to 10.00

Common cows 10.00 to 11.00

Industrials Dip In Steady Sales

Toronto Group Loses Yesterday's Late Gains

TORONTO, July 15.—(CP)—Industrials were pushed downward as steady selling prevailed on the Toronto Stock Exchange today.

The group lost yesterday's late gains and losses ranged from fractions to about a full point. Base metals and western oils were also under pressure, while golds moved narrowly, tending to tighten toward the close. Volume was about 723,000 shares.

London Takes Cuts Calmly

LONDON, July 15.—(Reuters)—

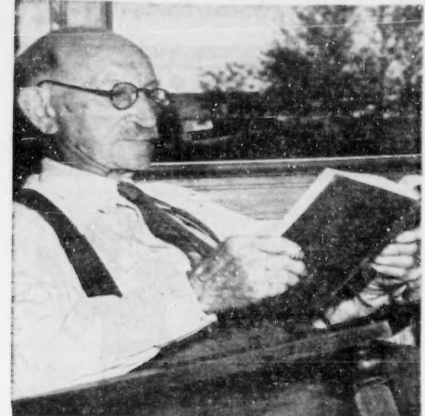

News of 25-per-cent reduction in United Kingdom dollar imports was met calmly today by the London Stock Exchange.

Some of the issues likely to be affected were fractionally lower at the outset but losses had been more than regained at the close. A quiet firmness was noticeable in most sections.

Reason for this persistent firmness is elusive. Some London financial circles profess to be puzzled by continued upward prices in the face of the continuation of labor troubles and import cuts. There is, however, fairly considerable belief in industrial equities which is helping to absorb oil sales and is creating solid undertone.

Gilt-edged short-dated stock continued in good demand and a price turnover was reported. Prices were fractionally firmer. In the oil section the Trinidad issues showed renewed firmness on fresh buying. Others were quietly steady.

Lack of interest brought slightly lower levels to most South African minings.

MAN WHO laid out the town of Camrose and gave it its unique 100-foot-wide main street, then lost a fortune trying to feed Belgium and Poland after First War, Francois Adam is today 90, lives quiet life in Camrose on old age pension.

Camrose Pioneer Had Fascinating Career

By Ken Liddell
Provincial News Editor

CAMROSE, July 15.—Sitting beside his open window of his three-room cottage, contentedly smoking his pipe, Francois Adam looked like a man for whom it would be too much bother to start on his second million at 90.

At least not on the working capital of his old age pension and whatever small token he may have left from his days as a baron of the Alberta ranching industry.

This man who spoke of Laurier and Ignace Paderewski as personal friends, was at the moment more interested in welfare of three potatoes he was holding in a small pot on a two-burner hotplate out in the kitchen.

So interesting was the story of his life that neither he nor the visitor realized the potatoes would be ready for dinner until the room was filled by the arid smell of a pot that seemed to be melting.

"Oh, my potatoes," said Mr. Adam, who one had so many heads of cattle he farmed them out to the incoming settlers so the settlers could pull through the tough winters in days of the breaking.

He figured he helped his country that time, and also when he served as police magistrate and coroner in days of the North West Territories, but he took a beating when he tried shipping sides of pork and cows to help Poland and Belgium after the First Great War.

BODY IN RIVER
"Any man who has examined a body that has been in a river for several days and never charged for it deserves the old age pension," grumbled Mr. Adam, who surveyed the townsite of Camrose and once owned several of its important buildings.

But over the loss of his first million, or darn near it, he said nothing. Mental anguish over a family tragedy brought Francois Adam to Canada, and when he came he had never intended to stay.

Born in Belgium, he was working as civil engineer on a water scheme in a mountain city in Spain when he received word his father was ill.

PARENTS DIED
His father died. His mother died of a broken heart. His sister died of the shock.

"I was ill here," said Mr. Adam, tapping his head, "and the doctor said I would die unless I took a trip. So I started out to go around the world."

That was in 1883 and when he got to Canada he took a liking to the place, went to the Peace River country to trap.

After every season he would take his fur back to London, England, to sell them, and after one trip he brought over his bride, and they settled on a ranch at Duhamel, near Camrose.

CAME TO CAMROSE
In 1906 he came to Camrose to lay out the townsite.

He talked the CPR into a 106-foot wide main street and that is the reason Camrose has such an artery today.

He had faith in his own plans. He invested \$50,000 in hotel, the old Windsor, more money in two stores and an office building.

When the old Grand Trunk Pacific came through, he bought land for the right-of-way and because he knew where the town site would be, he said he was able to "buy and sell land like hot cakes."

GRAIN REPLACED CATTLE
But with the railway, came the settlers. Grain took the place of cattle and Adam, who said he ran 8,000 head at one time, gradually got out of the business.

After the first armistice he returned to Belgium for a visit, met the president of Poland, Ignace Paderewski, an old university friend, with whom he negotiated a contract to supply Poland with pork.

Through another university chum, who was Belgium's minister of agriculture, he arranged a contract to supply that country with 500 cows.

LOST A MILLION
He came home and went to work . . . and dropped a million. First pork shipment worth \$75,000 got to Poland. Second worth \$225,000 got there, too.

Then said Mr. Adam, he arranged one worth almost \$1,000,000 . . . But it didn't get there.

EATON'S Overflow Shopping News for Saturday

Children's Sandals

Children like comfy, colorful shoes . . . so bring them to EATON'S for a pair of these made with Tix (trade name) uppers with T-strap and double instep strap, leather insoles and thick crepe rubber soles and heels. In green, red or brown.

Canadian Exports Hit By U.K. Imports Slash

LONDON, July 15.—(CP)—Britain's plan to cut dollar imports by one-quarter, as announced yesterday in commons by Sir Stafford Cripps, was expected to affect Canada sharply.

The Chancellor of the Exchequer told the Commons dollar buying would be cut by 25 per cent as a stop-gap measure to ease the drain on sterling reserves.

Without going into detail, Sir Stafford listed timber, tobacco, pulp and paper and non-ferrous metals among the items scheduled to be cut.

SHORT-TERM MEASURES
He said Britain is negotiating with Canada and the United States on "short-term" measures designed to improve the dollar position.

The chancellor said existing trade contracts with Canada would be honored, but it appeared inevitable that the cuts would seriously bite into the dominion's exports to the United Kingdom.

Canada was Britain's second-
